INTRODUCTION

Union Pacific is committed to be a railroad where our customers want to do business, our employees are proud to work, shareholder value is created, and the safety of the public and our employees is our top priority.

Compliance with company rules is required to meet the commitments of Union Pacific. The intent of this policy is to provide a uniform structure to address rule and policy violations in a consistent and fair manner. This policy serves as a tool to change behavior to ensure the safe and efficient operation of the railroad and for the protection of the public, our employees, our customers and our shareholders. Certain rule violations and/or patterns of behavior may be so serious however, that dismissal is the only option. In all cases, the policy will be used to protect the safety of the public and our employees and otherwise meet the commitments of Union Pacific.

This policy is revised *April 1, 2009* and supersedes previous company discipline policies.

DISCIPLINE POLICY - UPGRADE

Policy Guidelines:

1. All collective bargaining agreements apply.
2. When practicable, incidents involving possible rule violations, except certain Level 5 violations, should be reviewed with the Employee to determine whether sufficient cause exists **prior** to proceeding to a formal hearing or waiver offer, as appropriate.
3. Employees must be allowed the opportunity to discuss waivers of formal hearing with Union Representatives when considering whether to waive or proceed with hearing. *Reduced retention periods, according to the table on page 3, will be offered to employees who choose to waive investigations.*
4. Managers are strongly encouraged to use informal coaching with Employees when appropriate.
5. All discipline is determined using the Discipline Assessment Table and Progressive Discipline Table following procedures described herein.
6. Training days may be provided as an alternative for all or some of a specified suspension period.
7. An alternative assignment may be used as an alternative to discipline as defined in the discipline assessment table for levels 2, 3, 4 and 4C.
8. Current Discipline Status corresponds to the most recent level of discipline assessed, begins with the date of the incident prompting the disciplinary action, and remains the status for the retention period specified below. If there is no further disciplinary action within the retention period specified, the status reverts to Level 0 for future reference.

Retention Period Table (Months)		
Level	Waiver	Hearing
2	9	12
3	12	18
4	18	24
4C	24	24

Note 1: Employees who are assessed Level 4 by virtue of a single incident will have their status reduced to Level 3 after a 6-month period from the date of the incident if there is no further disciplinary action during that period. However, **if an employee commits two Level 4/4C infractions under this policy, within the months specified in the retention table for a Level 4/4C, the discipline will be assessed at Level 5.**

9. Existing policy and procedures pertaining to Rule 1.5 violations shall continue to be followed and such cases shall be considered Level 5 violations. Employees returning to service through the Employee Assistance Program (EAP) after a first offense for Rule 1.5 will revert to the discipline status in effect prior to the Rule 1.5 dismissal.
10. Corrective Action Plans, when appropriate, are required for all Employees assessed discipline at Levels 2-4C.
11. FRA Engineer Certification Requirements, with regard to suspension of certificate for certain rules infractions, are not preempted by this policy.
12. The Regional Vice President, equivalent senior manager, or their designated representative will be consulted before an Employee is charged with a Level 5 offense, other than for Rule 1.5. Dismissal for Level 5 offenses, except for Rule 1.5, will be only with the concurrence of the Vice President or equivalent.

13. Except when totally exonerated, an employee returned to service from Level 5 dismissal (for other than Rule 1.5) as the result of an arbitration award, will be returned at the employee's previous status level or a status Level 3, whichever is greater. The retention period begins with the date of return to active service.

DISCIPLINE ALTERNATIVES

Conferencing, counseling, coaching and education are effective tools for rules compliance. Informal Coaching or Formal Conferencing may be used at the discretion of the manager. Managers will be accountable for the fair and consistent application of the Discipline Policy.

INFORMAL COACHING

Employees may be provided informal coaching without being formally charged with a rule violation. The intent of informal coaching is to assist an employee in changing behaviors that are not in compliance with company rules and/or policies. Informal coaching is not documented in the employee's electronic discipline record.

FORMAL COACHING (Level 1 and 2 Violations)

Employees charged with Level 1 or Level 2 infractions will be coached without being formally charged with a rule violation. The formal coaching session(s) will be documented and entered into the employee's electronic discipline record. No new discipline level is established. Excessive violations of Level 1 or Level 2 rules may result in a violation of Rule 1.13.

FORMAL CONFERENCING: (Level 3, 4, 4C Violations)

Employees charged with Level 3, 4, 4C violations may be offered the opportunity to divert from the normal discipline process to a Corrective Action Plan consisting of formal conferencing, counseling, and/or education as outlined below. When formal conferencing is utilized, no new discipline level is established.

Guidelines for Formal Conferencing.

1. For formal conference, the employee may arrange for union representation and the supervisor will meet with the employee's union representative and the employee to discuss appropriate rules application and provide suitable assistance/education.
2. Formal conferencing will be conducted while the employee is under pay.
3. The formal conferencing session will be documented on a form signed by the employee and a copy will be placed in the employee's personal record file. The form will record the rule(s) discussed and the date of the incident. The formal conference agreement will also be noted in the Employee's electronic discipline record.
4. The formal conference will consist of the following:
 - ❑ Discussion of the reason for conference.
 - ❑ A review of related or associated rules/policies regarding incident.
 - ❑ Discussion on how the incident could have been prevented.
 - ❑ Q & A and discussion by conference participants.
 - ❑ Review and completion of the Conference Form – including signatures.

TRAINING / EDUCATION (Level 2, 3, 4 and 4C violations)

For Level 2, 3, 4 and 4C violations, employees may be offered education in lieu of discipline.

The agreement on a formal education session will be recorded on a form signed by the employee and a copy will be placed in the employee's personal record file. The form will record a date of occurrence and the corresponding discipline level for retention purposes only. The formal education agreement will also be noted in the employee's electronic discipline record.

Note: The Discipline Policy will recognize a Level 4/4C disciplinary diversion event as a Level 4/4C violation for the purpose of assessing discipline in the event that the employee is determined to be responsible for committing a subsequent Level 4/4C violation within the months specified in the retention period table following the date of the first Level 4/4C occurrence.

Training / Education for FRA De-Certifiable Events

For events that resulted in the revocation of their 49 CFR Part 240 certification for 30 days or less, employees may be offered the opportunity to receive remedial training and to qualify for a reduced certificate revocation period as permitted by 49 CFR part 240.117(h)(5). Any train crew member charged with responsibility for a decertifiable event, as defined by 49 CFR Part 240, except rules identified as 4C such as failure to stop for a signal when required or occupying Main track without authority, will serve a minimum of a 15-day suspension.

DISCIPLINE MONITORING PROCESS

- I. Labor or management may request a quarterly review of the discipline process at the Superintendent or Regional Vice president level.
- II. To ensure that the discipline policy is meeting its stated goals and likewise being fairly administered, Senior Management will conduct semi-annual reviews of the administration and effectiveness of the discipline policy as part of the overall safety and rules compliance effort. Upon request, labor representatives from the labor / management Culture & Discipline committee may participate in this review. Measures reviewed will include the number of discipline cases, including conferencing and training in lieu of formal discipline, personal injuries, human-factor caused accidents, 4-C violations, and any other similar measures deemed to provide insight into policy effectiveness.

*** A lesser Level of Discipline may be issued in some EEO cases when consistent with EEO Policy Application and when recommended by the Director-EEO.

^^ A lesser Level of Discipline may be issued in some cases pursuant to review and recommendation of the Workplace Violence Committee.

^^^ If infraction involves a decertifiable event, paragraph under "Training / Education for FRA Decertifiable Events" will apply.

GLOSSARY

The following definitions, while not all inclusive or absolute, are intended to guide the determination of whether various acts by employees meet necessary criteria to be considered a violation of applicable Level 5 Rules.

ALTERCATION: When an employee's actions cause or result in a vehement quarrel characterized by physical activity such as pushing, shoving or fighting.

CARELESS OF SAFETY: When an employee's actions demonstrate an inability or an unwillingness to comply with safety rules as evidenced by repeated safety rules infractions. When a specific rule(s) infraction demonstrates a willful, flagrant, or reckless disregard for the safety of themselves, other employees, or the public.

DISHONEST: When an employee's actions or statements constitute lying, cheating or deception.

FELONY CONVICTION: The conduct of an employee leading to the conviction of a felony in state or federal court is prohibited. Guilty pleas, diversion programs, deferred decisions or adjudication, and other alternative sentencing or adjudication procedures, regardless of local nomenclature, are considered convictions under this policy.

FRAUD: When an employee's actions or statements are intentional misrepresentations of fact for the purpose of deceiving others so as to secure unfair or unlawful gain.

IMMORAL: When an employee's actions are contrary to commonly accepted moral principles.

INSUBORDINATION: When an employee's actions or statements indicate a refusal (as opposed to a failure for cause) to carry out the instructions of a supervisor which are work, safety or policy related and which conform to accepted Company and industry practice, or when an employee demonstrates gross disrespect towards a supervisor. **NOTE:** Any failure to comply with Union Pacific's Drug and Alcohol Policy will be considered insubordination.

NEGLIGENT: An employee demonstrates negligence when his or her behaviors/actions cause, or contribute to, the harm or risk of harm to the employee, other employees, the general public or company property.

QUARRELSOME: When an employee's continued behavior is inclined or disposed toward an angry verbal confrontation with others in the workplace.

THEFT: When an employee's action is intended to and/or results in the taking and/or removing of property or other items of value from the Company, its customers, or other employees without proper authority.

PROGRESSIVE DISCIPLINE TABLE

Introduction Determining the correct level of discipline to be assessed for a current rules infraction requires use of the Progressive Discipline Table. Accurate use of the Progressive Discipline Table requires knowledge of the Current Discipline Level, the Level of the Infraction, and the Discipline Assessment Table.

Progressive Discipline Table

NOTE: If an employee commits three repetitions of the same Level 3, 4 or 4C rule infraction during a 36 month period (excluding missed calls and tardiness) the discipline will be assessed at Level 5 – Permanent Dismissal. Rule violations which were elevated on May 1, 2008 from level 2 to level 3 or higher infractions will be included in determining if an employee has committed three violations of the same Level 3, 4 or 4C rule during a 36 month period.

GUIDE TO DETERMINING DISCIPLINE LEVEL

- Step 1 – Determine the primary (highest level) alleged rule violation.
- Step 2 – Complete the Discipline Calculation Worksheet as follows:
- a. Specify the rule(s) violation(s) in Section One.
 - b. Check or list the applicable rule(s) or policy publications in Section One.
 - c. Place a check in one or both boxes in Section Two, if applicable.
 - d. Determine the level of alleged rule infraction by reviewing the Discipline Assessment Table. Locate the Discipline Level corresponding to the primary rule and complete Section Three.
 - e. Obtain the Employee's current discipline status (level) and complete Section Four:
 - For Level 2 through 4C violations, review the PeopleSoft Discipline History for the previous 24 months.
 - Apply the Discipline Level Retention Periods from the Policy Guidelines found in the retention table (retention period changes if employee waived a hearing) to the most recent entry in the discipline record to determine whether the status reflected remains in effect for current consideration.
 - f. Utilizing the Progressive Discipline Table and the information from Sections Three and Four, complete Section Five-A.
 - g. Determine whether the infraction resulted in property damage greater than \$150,000 requiring the next higher level of discipline. Complete Section Five-B. **This is the Level of Discipline required for the infraction.**
 - h. If the assessment results in suspension and/or training days, enter the number of each in Section Five-C.
